

## ITEM 9 – RESOLUTION 4

### Re-appointment of External Auditors

One of the requirements of the AGM is to appoint the external auditor and we are recommending that we reappoint our current external auditors, KPMG.

KPMG are the leading provider of audit services to the Social Housing sector. They audit more of the top Registered Providers (RPs) than any other firm and nationally have over 250 staff specialising in social housing, including fifteen partners. They took over as our External Auditors for the year ended 31 March 2018 and have provided the external audit service since then.

It is planned to tender the external audit for the year ending 31 March 2023 in line with good practice but we need to reappoint KPMG so that we have external auditors in place pending the result of the tender.
